SUBJECT Irrigation Diversions Downstream of Richardson Flat Tailings.		 37989	
SUMMARY OF COMMUNICATION			
<p>When asked how many acres are irrigated by surface water diversions off Silver Creek within three miles of downstream flow from Richardson Flat Tailings, Mr. Oliver stated:</p> <ul style="list-style-type: none">- His approximation of land irrigated by water from Silver Creek in the area downstream of Prospector Square tailings (just northeast of Park City) is 650 acres. Approximately 90% of the irrigated acreage (approx. 585 acres) is downstream and within three miles of Richardson Flat tailings.- Crops irrigated are pasture grass and alfalfa.
